1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16

## Select Add Hybrid

**Corn Hybrid A**

Home

Select Hybrid A

Add Hybrid

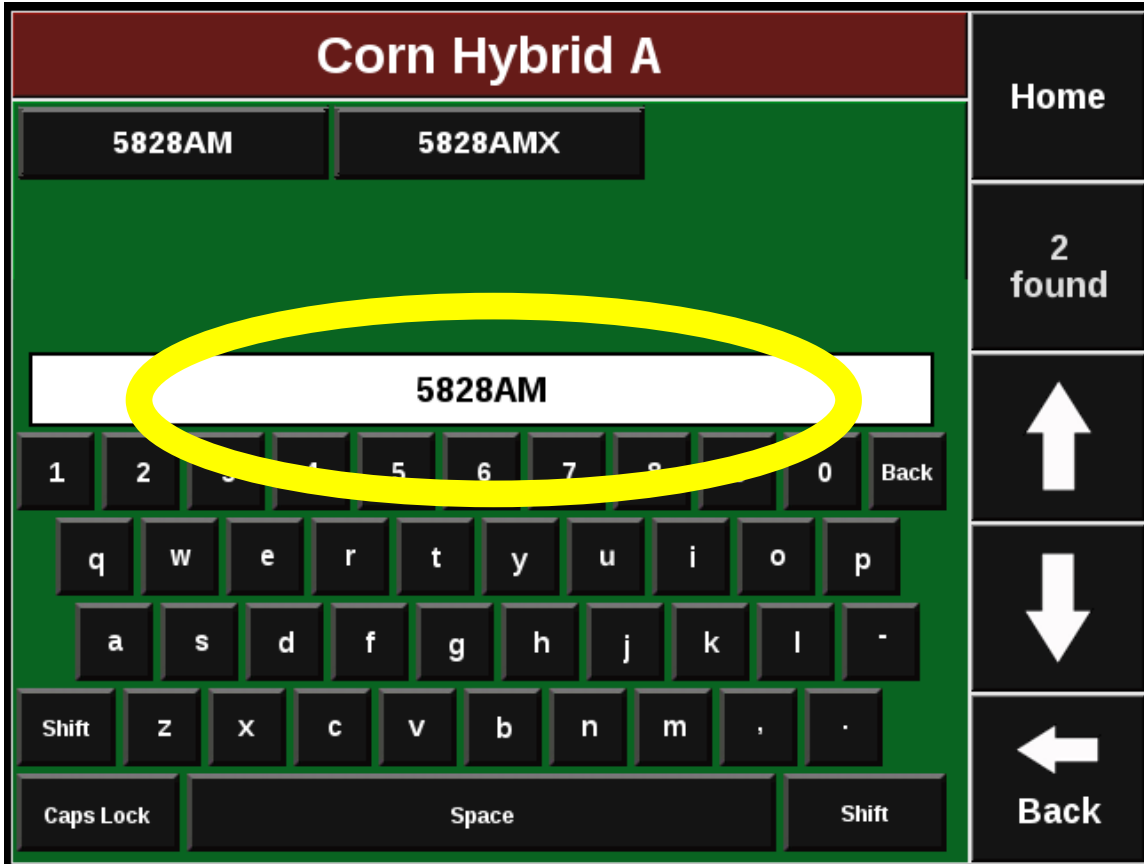

<b>5828AMX</b>	6158RIB
6626AMX-R	None

↑

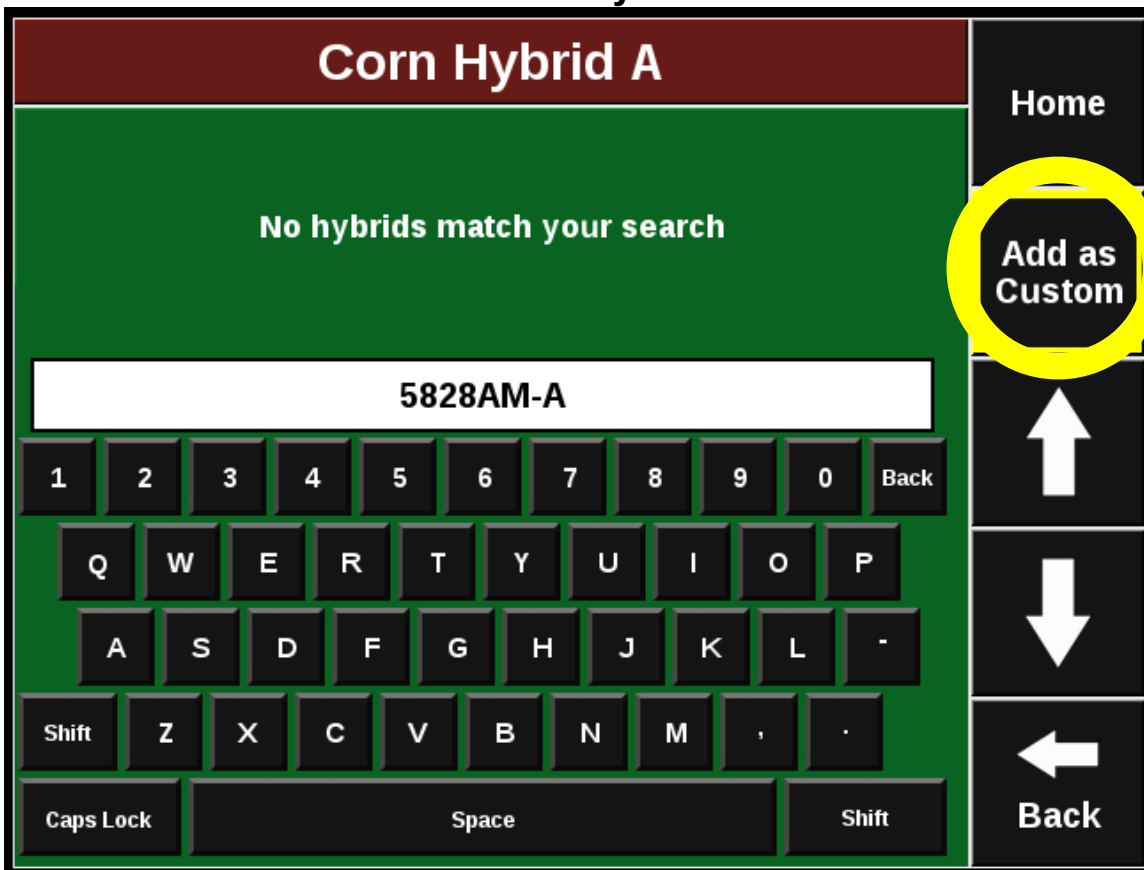

↓

← Back

Type in full hybrid name in box

Then add a dash and then the treatment letter (A, B, C). Then select add as custom hybrid.

Type in hybrid details and then select Enter

Corn Hybrid A				Home	
Plant	Systems	Crops	Diagnose	Data	
Name		Lot Number		<b>Enter</b>	
5828AM-A					
Shape	Seeds Per Unit	Seeds Per Pound	Pounds Per Unit	Delete	
Med Round	80000	1407	57		
Seed Company				↓	
				←	
				Back	

Select desired rows (Most cases ALL)

Corn Hybrid A			Home
Hybrid A Rows			Enter
None	<b>All</b>	Left	
Right	Others	List	↓
			←
			Back

Add all hybrids A, B, C, and E (etc.) and then select all rows when planting desired test block. While all hybrids may not be assigned select PROCEED.
